Caught in official conundrum...

Chamundi Hill night ban fails to take off

Pic. 1: ***Vehicles enter and exit freely through the gate of Chamundi Hill from Tavarakatte side last night.*** *Pic. 2:* ***The entry gate to Chamundi Hill from Lalitha Mahal Palace side.*** *Pic. 3:* ***The entry gate from Uthanahalli side. All the three gates are kept open throughout the night.***

Temple Committee waits for Police Department to act while Police officials await Govt. order!

Mysuru, Sept. 22 (MTY,RK& BCT)- The much hyped night ban on entry to the Chamundi Hill that was proposed in 2016 has not been implemented so far. Reason: The issue has not been taken seriously either by the District Administration or the Police despite money being spent on the construction of three gates at the entry points of the Hill.

With Dasara just days away and at a time when thousands of tourists are expected to descend on the city, security of Chamundi Hill, an important tourist and religious destination, has been compromised. The issue calls for an urgent intervention by the State Government and the District Minister. Apart from the Police outpost atop the Hill and the on and off night patrolling by the jurisdictional Krishnaraja (KR) Police, there is no other security.

There are three main roads that lead to Chamundi Hill. The one road that leads to the Hill is from Tavarekatte, the one next to it leading to the Nandi Bull (from Lalitha Mahal Road) and the third one is from Uthanahalli Road, the southern side of the Hill. Lakhs of rupees have been spent by the Chamundi Hill Management Committee to install the three gates that are kept unguarded during nights. Neither there are any security guard nor are there any Policemen to guard the gates through which night riders pass with ease without anyone stopping them.

In October 2016, the KR Police had recommended a blanket ban on entry of vehicles beyond 10 pm till 5 am. It was noticed by the KR Police that the serenity of the hill was being spoilt as many unruly elements and misguided youth in the guise of 'night rides and drives,' drive up the hill in the middle of the night and indulge in drinking, dancing and other unlawful activities.

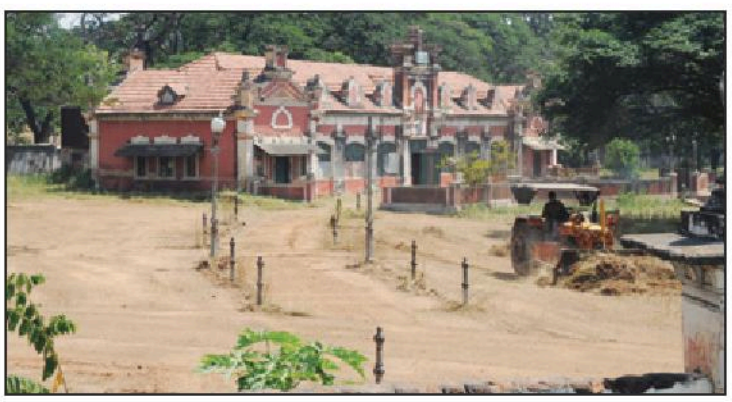
Food Fest at Gun House during Dasara

Mysuru, Sept.22- For many old-timers, fine dining at the iconic Gun House Imperial Restaurant is still a memory. And to introduce thousands of tourists and locals to the interesting cuisine served there in the past, a food festival is being organised from the first week of October.



Chief Executive of Nagarjun Engineering Enterprises (from Bengaluru) S. Sunanda Girish, speaking to *Star of Mysore* this morning, said that Gun House has nostalgic experience for people of Mysuru and the erstwhile royal family's Pramoda Devi Wadiyar is also keen to renovate the restaurant.

Hence, to showcase the place again, a food festival is being organised.

The festival is likely to be inaugurated either on Oct.5 or 8 as part of Dasara celebrations, she said.

"Temporary structures with German technology tents will come up at the place. Since it is an old place and there are not many facilities, we are going to put up basic facilities such as washrooms," she said.

Many branded hotels are likely to be invited to participate in the food festival.

Society's *selfie*

Even as the citizens are seen in public deviating from acceptable norms of conducting themselves towards others, creating sour atmosphere in society, the administration has no option other than passing orders in the nature of Acts, Rules, Regulations and even Ordinances ostensibly to restore order in the land. The sequence of such episodes of citizens going adrift from orderly life on one side and the authorities passing orders, along with penalties and punishments for disobeying the diktats, is in the nature of the proverbial endless screw. Thanks to the unbounded misdemeanour of the people at large, while the law implementing machinery finds itself overwhelmed, the legal practitioners defending the offending flock are having a field-day, with the law-abiding sections watching the proceedings helplessly. Earthquakes are measured by seismologists using the term magnitude as their chosen parameter to indicate the severity of the event. In a similar vein, it is time somebody came out with a measure to describe the magnitude of *societal-quake* that the country is currently experiencing.

Reading the country's history spanning several centuries in three distinct parts, *(a)* Rule by monarchs, *(b)* Rule of the invaders, *(c)* Rule by colonialists, one cannot but get *bewildered* at how the country's people have sustained not only themselves but also their traditions, customs, callings, languages, food habits and so on for the most part. The fourth part of the country's history, namely self-rule over the past-seven plus decades, may trigger more *dismay* than bewilderment, given the current profile of land and its populace.

The land and its people of bygone centuries have witnessed both benign rule by monarchs and wars fought by locals as well as aliens even as philosophers and saints mentored the society by personal example and words of wisdom. To make a long story short, the country, following the dawn of political freedom, has slipped into an era of vice-like grip of political class whose *selfie* has totally erased the country's *image* of past glory. If we currently hear in some quarters views extolling the country as a land of glorious heritage, that is the *shining* side of the same coin with the other *whining* side. Both physical and mental wellness of the country's people at large, as prescribed by its luminaries of distant past, have suffered at the hands of influential elements in society seeing the words of wisdom through the prism of *religion*.

The fever of clicking selfies having gripped the merry-making youth at the land's tourist destinations has not spared even the top brass in the country's administration. What these ubiquitous selfies don't reveal is the utter disregard to the now-gone sense of *Indianness* yielding place to a culture of blindly imitating Western ways of life.

EDITOR'S BOTTOMLINE

SHUT UP, I'M A VIP!: ***So enraged was Tamil Nadu State BJP President Tamilisai Soundararajan when student Lois Sofia shouted, "Fascist BJP down down," when the plane they were travelling in landed at Tuticorin airport, that the VIP neta instantly filed a Police complaint against Sofia. Since a VIP had complained the offending student was not only arrested but also sent to 15 days in custody. She was bailed, but 15 days behind bars for shouting at a politician on a stationary aircraft? Clearly when VIPs are travelling, citizens must shut up and there can be no plane-speaking. When airborne, netas like to travel with flying colours and give themselves airs. But if you're an outspoken citizen you're likely to be brought crashing down onto the tarmac. Politicians can shout on TV and shout everybody else down, but if the citizen shouts, she is likely to be out. When VIPs fly high everybody else has to lie low. In America, there are no VIPs and even Shah Rukh Khan can get searched. But if a Security Officer in India tries to seriously search a travelling VIP, he or she may soon be off-loaded and have to search for a new job.*** — *Sagarika Ghose in The Times of India.*

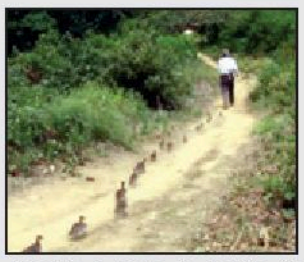
The ducks that trail the care-taker



Seoul: A man in South Korea who raised 21 ducklings as his children ever since they hatched are breaking the internet with their incredible bonding with the man. They are not only listening to his command but are following him everywhere he goes.

The man has been taking care of his 21 ducklings ever since they were fertilized eggs, making sure the incubation period went smoothly, and even helping the tiny birds break through their shell when it came time to hatch. He was the first thing they laid eyes on in this world, and he has remained the most important figure in their lives since.

The viral video shows the ducks trailing the man, stopping whenever he does and refusing to follow anyone else, even if they utter the same command. Unless they hear his voice and see him moving, they don't budge.

Woman divorces husband for a shawarma!

Cairo: A woman in Egypt recently filed for divorce from her 32-year-old husband after 40 days of marriage on grounds that he is so stingy that he refused to buy her a shawarma sandwich on their first and only outing as a married couple.

Speaking before the Family Court in Zananiri, the 30-year-old woman, known only as Sameeha, said that the shawarma incident was the straw that broke the camel's back. However, his nature became very obvious right after their wedding. On their first day of marriage, Ahmed allegedly told his wife that he hated going out because he viewed it as a waste of money. She didn't pay much attention to his words then, but things got worse with each passing day. Sameeha couldn't take it anymore, so she returned to her parents and filed for divorce.

She told the judge that she couldn't go on living with her "sick" husband.

Iconic Premier Studio goes down in history

Curtains on lights, sound, camera, action

The iconic Premier Studio on Hunsur road razed to the ground yesterday.

Mysuru, Sept.22 (SBD& NNN)- Premier Studio, on Hunsur Road, one of the important landmarks in the heritage city, has stopped calling lights, sound, camera and action.

Just as these famous lines at the start of the rolling of cameras in all the famous studios, have faded into history, the Premier Studio has also been razed to the ground. For various reasons, the studio had stopped functioning since the last 20 years and it was being systematically brought down and the remnants of the remaining portion of the buildings came down finally yesterday.

The flamboyant owner M.N. Basavarajaiah started the Premier Studio in 1954 which went on to be called the 'King of Studios.' In the beginning there were just three or four films shot in a year. However, in the 1960s and 1970s, with the initiative taken by Basavarajaiah, subsidy was introduced for Kannada films and as a result the number of shootings in the studios shot up.

"There were seven floors of 10,000 to 12,000 sq.ft each. Each floor was named from A to F. The last floor was not named G as seven was considered unlucky and hence two floors were named B1 and B2," said M.B. Nagakumar, one of the sons of Basavarajaiah

Asked whether at any time all the seven floors were occupied, he said that during peak of the shooting season years, about four to five floors would be occupied. "The reason my father built seven floors on nearly four acres of land was to have sets with replicas of jail, club, hospital, wealthy man's house and so on. The idea was to bring the cost for the producers down," he said.

According to Nagakumar, the choice to raze the iconic Premier Studio was very difficult. But they had little options. "Even the famous Universal Studios in Hollywood has changed hands many times as running a venture of this magnitude is not easy. We had no options but to close it down as the producers started shooting outdoors from 1980s itself. As a result, our floors had no work," he said.

R.K. Studios in Mumbai started by the legendary actor Raj Kapoor in 1948 is also facing a similar fate as their family members have decided to sell the property since they cannot maintain it.

The Kanteerava Studios in Bengaluru is surviving only because of the television serials, but hardly any movies are shot there, said Nagakumar.

> The flamboyant owner M.N. Basavarajaiah started the Premier Studio in 1954 which went on to be called the 'King of Studios.' In the beginning there were just three or four films shot in a year. However, in the 1960s and 1970s, with the initiative taken by Basavarajaiah, the subsidy was introduced for Kannada films and as a result the number of shootings in the studios shot up.

The films of many languages including Kannada, Tamil, Telugu, Malayalam, Tulu, Hindi, Konkani and other regional language films have been shot here. Apart from this even English and Italian films have been shot in this studio.

Some of the well-known names in the Kannada and Indian cinema of the likes of Shankar Singh, B.R. Panthalu, Y.R. Swamy, R. Nagendra Rao, Puttanna Kanagal, Mani Ratnam, Balachander have shot their films here.

Legendary actors including Dr. Rajkumar, Dr. Vishnuvardhan, Dr.B. Saroja Devi, late Tamil Nadu Chief Ministers and actors J. Jayalalithaa and M.G. Ramachandran, Shivaji Ganeshan, Dharmendra, Rajinikanth, Ambarish, Shivarajkumar, Amitabh Bachchan, Kamal Hasan have all acted on the floors of Premier Studio.

Some of the famous movies shot here are *'Vamsha Vriksha'* based on S.L. Bhyrappa's novel of the same name. Shahrukh Khan's *'Deewana'* was also a popular Hindi film shot here.

More than 800 films have been shot here and one of the last movies to be shot was as late as in 2017.

Fire Tragedy

The one blot on this iconic studio has however been the fire tragedy when Bollywood actor Sanjay Khan was shooting the TV serial *'The Sword of Tipu Sultan'* in 1989. Many floors turned to ashes and nearly 52 artists and technicians lost their lives. Even Sanjay Khan suffered serious burn injuries.

Owner Basavarajaiah suffered huge losses and this was the beginning of the end of the shooting culture in the indoor studios.

VOICE OF THE READER

Unsafe driving practices

Sir,

After several cases of lap driving (taking kids on the lap of the rider/ driver while driving), very recently I saw a person holding the baby, may be less than a year or so, in one hand and driving the two-wheeler with another hand *(see photo)*, which is a road safety hazard.

Surprisingly a woman, probably the mother of the baby, was seen as a pillion without holding any object or baby in her hands. Instead, the rider should have given the baby to the pillion.

Both rider and pillion were not wearing the helmet for minimum safety. Why people are taking such risks is not understandable.

Instead of repenting later, if any untoward incident happens in such cases, it is better to ride safely by taking all the precautions pro-actively even if it is for a short distance. Hope, citizens follow all road safety rules to avoid (preventable) road accidents!

Many mouth-watering dishes this Dasara Aahara Mela

Tribal, organic, foreign, and Tibetan food items to be main attractions; 130 stalls will be set up at two venues

Mysuru, Sept.22 (MK&SR): The Dasara Aahara Mela or the Food Mela Sub-Committee has made all preparations to ensure a finger-licking-good treat to visitors besides maintaining cleanliness.

Speaking to Star of Mysore, Deputy Director of Food and Civil Supplies Department P. Shivanna said that the Food Mela will be held from Oct.10 to 19 at two different venues -- Scouts and Guides Grounds and MUDA Grounds near Lalitha Mahal Palace. The Committee has planned to give permission to set up 130 stalls this year. Each venue will have 65 stalls.

He said that the highlight of this year Mela would be Tribal Food or food from the woods produced from various tribal hamlets across the State. The department has already held discussion with various tribal organisations in this regard. 'Bamboo Biriyani' and 'Bamboo Rice Kheer' prepared by tribals were in great demand last year. As many as five lakh visitors tasted the food last year and the number of visitors visiting the Aahara Mela may cross that number this year.

Tribals from different hamlets served delicious food items to visitors at their specially constructed 'Aadivasi Mane'. Bamboo Biriyani – rice, masala and chicken – stuffed and cooked with bamboo stems, and tea made of 'makali beru' were a great hit last year. The same items will continue this year too, he added.

This apart, dishes like traditional tribal crab curry, boiled forest tubers eaten along with pure forest honey, ragi rotti made with Muthugada Yele, Naati Koli Saaru, Fish Biriyani and Donne Biriyani will attract visitors this year also, he said.

Shivanna said a variety of delicious food items from Mandya, Bagalkot, Belagavi, Vijayapura, Dharwad, Chikkamagalur and coastal Karnataka, food items from Rajasthan, Gujarat, Kerala, Punjab, Tamil Nadu, North Eastern States and Marathi style food will be available. Stalls that serve Vegetable Biriyani, Davanagere Benne Dose, Dharwad Peda, Pizza and variety of juices and desserts will also be set up.

FOREIGN FOOD ITEMS

Shivanna also said that the department has also taken steps to arrange Tibetan, Italian, Chinese, French dishes, which will be other major highlight of this year fest. Talks were also held with some reputed cooks working at various Star Hotels in Mumbai, Bengaluru and other cities to prepare and serve Italian, other foreign dishes.

This will attract foreigners too to the Food Mela. Some of the cooks agreed to set up their stalls, he said and added that permission will be given to Tibetans to take part in 'Aahara Mela'.

CELEBRITIES' LIVE SHOW

Shivanna said that television celebrities like 'Bombat Bhojana' fame Sihi Kahi Chandru, 'Banavarada Badoota' fame Rajesh Gowda, 'Oggarane Dabbi' fame Murali and Karavali food experts have agreed to conduct the live food preparation at the mela.

COMEDY SHOW

It has also been decided to conduct cultural programmes every evening from 6.00 pm till 10.00 pm where Gangavati Pranesh and other comedians will take part. As many as 60 artistes are also participating.

The Department has also decided to conduct food preparation and eating contest for both men and women.

CLEANLINESS MEASURES

The Department has also taken measures to maintain cleanliness and other safety measures besides for effective disposal of garbage. Steps have been taken to make necessary seating arrangements for the aged, children, and women to sit and eat. Safe drinking water facility will be provided.

Applications invited from cooks

The Department of Food and Civil Supplies has invited applications from cooks, women, hotel and organic food supply firms, foreign students and other organisations who are involved in preparation of variety food items (vegetarian and non-vegetarian) to take part in Dasara Aahara Mela and demonstrate food preparation.

Permission will be given to set up stalls in the mela for select cooks and preference will be given to dishes prepared with millets and organic food item. Interested can apply with details to the Office of Food and Supplies Department before Sept. 30. Experts in cooking Punjabi, Rajasthani, and North Eastern style, Marathi, Tibetan, Chinese, Italian and French can also apply.

Bombe Mane at Prathima Gallery

Mysuru, Sept.22 (RKB&NNN)- Bombe Mane, the dolls display and sale, one of the major attractions in city every year, was inaugurated yesterday at Prathima Gallery on Nazarbad Main Road.

This year, among the four themes on display, the focus is on Jayachamarajendra Wadiyar's birth centenary. One theme is on the last king's durbar and the other on him worshipping Goddess Kamakshi. There are also original old paintings and photographs of Wadiyar which are also on display.

The other two themes are on West Bengal's Durga Puja Pandal and Badami's Banashankri puja.

There are more than 10,000 varieties of dolls of all shapes and sizes under one roof made out of papier-mache, Plaster of Paris, pingani, wood, brass and other items.

The toys manufactured in Mysuru, Bengaluru, Channapatna, Koppal, Khannala, Khanapura, as traditional toys from Tamil Nadu's Villupuram, Uttar Pradesh, West Bengal, Rajasthan, Maharashtra with their own unique characteristics, are on display here.

As soon as one enters Bombe Mane, one is transported into wonderland with even the dolls from the epics Ramayana, Bhagavatha, Panchatantra, Shivapurana, Ganesha's leelas and a sort of universe of dolls have been created here.

Mysuru artiste B.P. Ramakrishna, Bengaluru's Manish Sharma have worked together on some of the themes. **The exhibition is open between 10 am and 7.30 pm throughout the year,** informs organiser Ramsons Kala Pratisthana Chief R.G. Singh. For details, call Ph: 0821-2445220 or Mob: 98801-11625.

Chamundi Hill Road is open for business!

Spacious stretch turns into commercial hub; commuters complain of road blocks

Tour vehicles seen parked in a line on the footpath of Chamundi Hill Road. Picture right shows food carts occupying space on the same road.

Mysuru, Sept.22 (OSR)- As Dasara is approaching, numerous hawkers from outside Mysuru descend upon city to sell their wares. Also, temporary businesses sprout beside roads frequented by tourists. One such road that is being occupied on either side by businesses and turning the beautiful and serene road into a marketplace is the Chamundi Hill Main Road.

As many businesses are popping up on this road, it has led to random and haphazard parking, causing obstruction to the smooth movement of traffic. While there are many brick-and-mortar shops, new mobile businesses have also cropped up along the road. Many commuters on this particular road told *Star of Mysore* that the road, which was otherwise peaceful and a pleasure to drive, has turned into a noisy, chaotic business hub similar to other commercial streets of Mysuru.

All along the road from Kurubarahalli Circle (Sangolli Rayanna Circle) till the Tavarakatte Gate, there are many make-shift shops and tents competing with regular shops to sell products that include handicrafts, sarees and textiles, snacks and refreshments and also meat. And there is a 'jeep tour' set up along the road that takes tourists on a city tour. Tourists come here and park their vehicles on the road sides and then take the open jeep to go around.

Regular commuters on this road allege that vehicles block the road sides by random parking and it is tough to navigate when vehicles come from the opposite side. Raising their objections, commuters ask how the authorities could permit businesses to operate here.

When *Star of Mysore* spoke to Deputy Commissioner Abhiram G. Sankar in this regard, he said that he was not aware that businesses are operating on the Chamundi Hill Main Road but since the issue was brought to his notice, he would send the RTO West Prabhuswamy immediately to the place and check and if required, action would be taken.

He said that the road would be kept obstruction-free as he did not want traffic snarls during Dasara, which would inconvenience tourists.

RTO West Prabhuswamy said that he had not visited the Chamundi Hill Road. However, he said that since the vehicle tours were operating with Yellow boards, they could not enforce any restrictions on them as they were tourist vehicles.

"The organisers have paid tourist tax to the government. In Mysuru, there are many buses and tour operators who take tourists on a city tour and we cannot restrict them," he said. If the vehicles are causing traffic jams, the Traffic Police have to initiate action, he added.

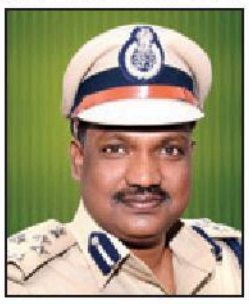
MCC Commissioner K.H. Jagadeesha said that businesses are not allowed to operate on footpaths and it applies to both hawkers and businessmen. "The Abhaya teams are moving around the city clearing footpath vendors. Businesses cannot obstruct traffic in any way and the Police will have to take action against violators," he said.

This then begs the question, can any tours and travels company use footpaths to run businesses on all the main roads leading to tourist centres? Then can all the roads leading to Krishna Raja Sagar Dam be lined up with taxi companies offering their tour packages? Why even have an office?

"Can anyone set up any business on Chamundi Hill Road? Already other travel companies, mutton stalls and hawkers have set up their business on this road that leads to a **pilgrimage and a tourist centre.** And as Dasara approaches, many more businesses will occupy their space here.

At this rate of official apathy, this important road is sure to turn into an eyesore soon like the messy M.G. Road near JSS Hospital. So much for clean Mysore initiative," say commuters.

Immediate action against violators: Police Commissioner



Reacting to *SOM* on the obstructions caused by businesses on Chamundi Hill Road, City Police Commissioner Dr. A. Subramanyeswara Rao said that he will instruct his officers to take immediate action if commuters are inconvenienced on the stretch.

"While footpaths come under the jurisdiction of the MCC, traffic comes under our purview. I will ask DCP (crime and traffic) Dr. Vikram V. Amathe and the jurisdictional Siddhartha Traffic Police to immediately look into the issue. If found flouting rules, businesses will be vacated today itself," he said. If vehicles and businesses are found encroaching footpaths, the Police Department will write to the MCC to vacate the same, he added.

Talking Animals, Dumb Humans !

Dear Readers,

Next year, our lives, as we humans know it on this planet, is going to change forever. Our time here on earth is categorised based on a Three-Age System — Stone Age, Bronze Age and Iron Age. Later, we added the Space Age. Now, thanks to a Godman from our State, we will have a new age — THE SPEECH AGE!

This Godman claims he is going to make animals talk like humans! No, we are not talking about Dr. Do Little, the movie character who talks to animals. We are talking about the Godman with the best set of teeth, a 'Happy Dent' smile and has a long silver shaft. He lives in Bidadi near Bengaluru.

This Godman, infamous for his sex scandal, continues to have followers and according to recent news reports and in a video, addressing his devotees, he claims that he can make animals talk like humans!

Brimming with confidence, he said, "*I am declaring this after testing this software yesterday. Yesterday, actually, I casually tested this software. It was perfectly working.*"

In software development there is something called 'Unit testing,' but never heard of 'casual testing.' But then this Swamiji did not mention on which animal he tested it. It left us wondering if he chatted with his pet serpent or heard whispers from his pet elephant's trunk. Who knows? But we wonder what he will name his software? May we suggest *Chatty Caty 1.0* ?

When a Godman speaks many tend to believe. Now, if anyone was cynical and doubtful this Swami cleared it all as he raised his hands in a challenging manner and said, "*Let this be on record. Within a year, I'll establish this.*"

He then continued to explain in an over-exaggerated fashion stressing on words... "*I'll develop a Prroper, Ppphonetic, lingguistic-cappable vocal cord for monkeys, lions and tigerrs. We are going to have bulls and cows which will talk to you very clearrrly and leggittimately in Sanskrit and Tamil.*"

What no Kannada?! We fear if the Kannada protectors hear about this discrimination, the Godman may have to hold to his software tightly and run, lest they break it.

Now, if this comes true, can we mere mortals handle it? First job to go will be of our poojaris. They have been chanting mantras at our homes and temples for centuries. Next year, thanks to this Swami, it will get outsourced to some young Sanskrit-speaking bull.

Soon, these animals will form associations and ask for rights. We humans will no longer be allowed to use '*Dirty Goose*' as a scolding. The *Geese Association* will take objection. Female dogs will get a court order stating henceforth they shall not be called bitches, but respectfully addressed as 'Lady Canines.'

Next, animals could claim fee for using their face for branding. Jaguar cars and Puma shoes will have to pay money to the '*Big-Cats Welfare Association*'. Kingfisher will have to pay the '*Hakki Raskhana Vedike*' and Bira Beer has to pay the '*Monkey Brigade*'. These animals could even collect 'hafta' like '*Pigeon Union*' who will threaten to shit all over your business unless you feed them.

Further, they will ask for voting rights, then vote bank politics will start. And come elections along with money, bananas will be distributed. And since democracy is rule of the majority, monkeys and rats will have a place in our house of representatives... Oh God! What will happen to our democracy?! Ahh... But coming to think of it, how different is it now?

So, this Swami with his software is going to penetrate and shake the very core of human society and add to the chaos on the planet.

Now, what is interesting is that when a normal person makes such outlandish claims, they can are questioned and even branded insane. But when a 'man of the cloth' does it, there is silence. Some even give this mumbo-jumbo the benefit of the doubt.

This Swami's claim is as bizarre as the, "what could happen if animals talk" scenarios mentioned above.

But what was disturbing in the news reports and the video is that every time he made an announcement about this software and about his plan of "*growing new internal organs for animals so they can speak*" is that there was rapturous clapping, accompanied by beating of drums and blowing of trumpets! Who are these credulous people?

It was worrisome to see young boys sitting upfront with robes clapping at this man's claims. Isn't this exploitation and hijacking of young impressionable minds? Don't they need rescuing? Like child labour, even children who are psychologically exploited need to be rescued. Hope Nobel Laureate Kailash Satyarthi is listening.

This Swami, instead of making animals talk, should first help the speech and hearing-impaired humans rid themselves of this disability. This is what will make him a Godman.

For now, let's not panic. Earth will not turn into Planet of the Apes anytime soon. We live in the real world and not a fantasy world. After all, even children know there is no mouse wearing red shorts, yellow shoes and white gloves, walking around whistling and dancing in the real world. They know Mickey Mouse is restricted to a theme park called Disney Land. Sadly many adults in Bidadi theme park don't.

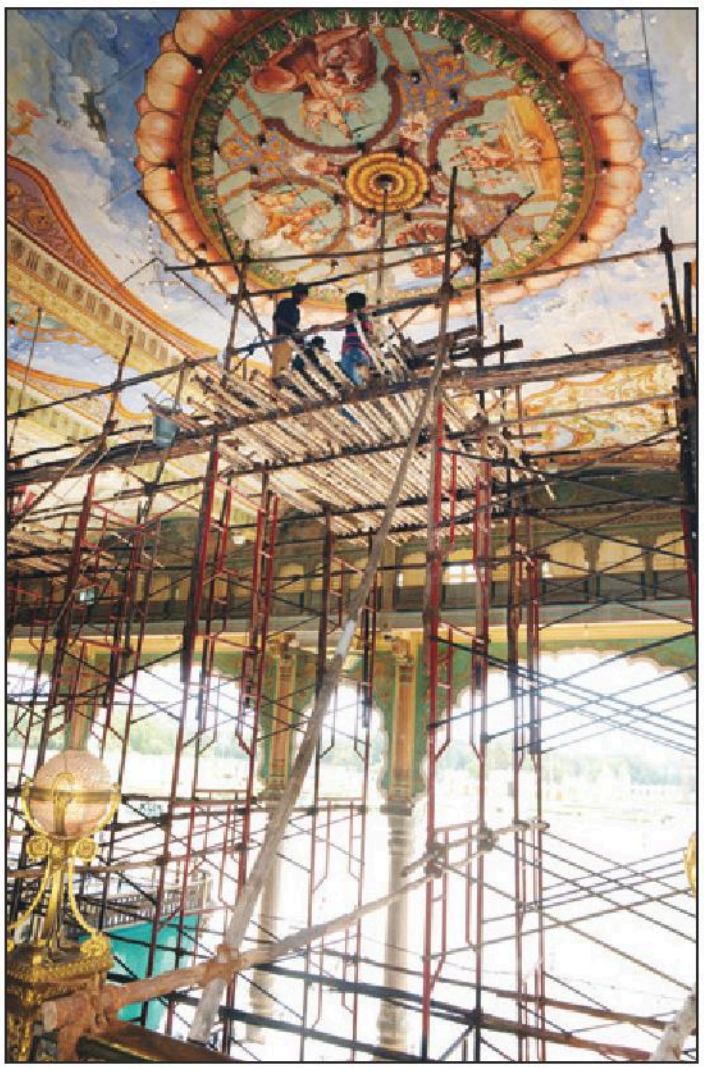
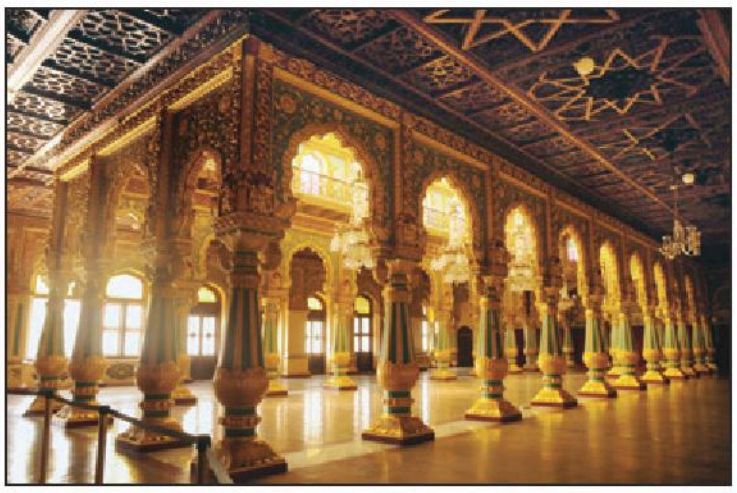
Beautification

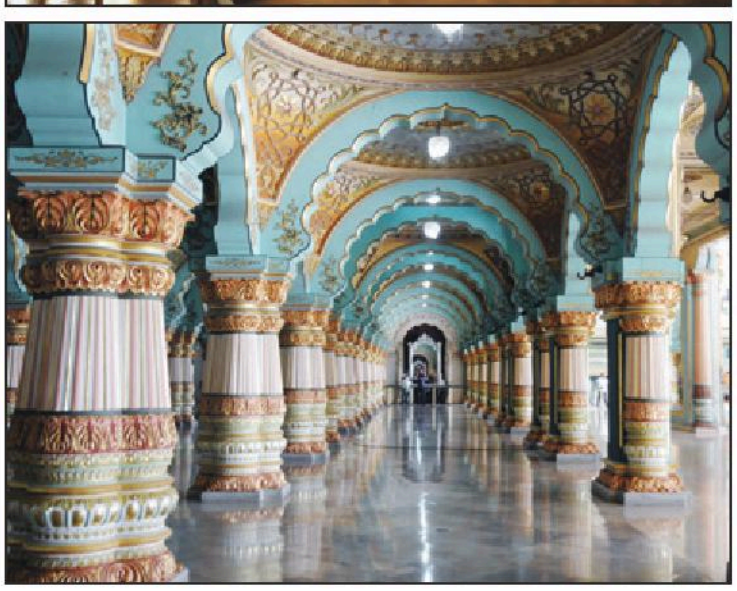
Makeovers, restorations and beautification are happening in Mysuru and it's all in preparation for one event: DASARA. And the Mysuru City Corporation is desperately trying to make the city look beautiful by roping in artisans. It is a tight balancing act as the civic body has to face flak if something goes wrong or if the political bosses are unimpressed with the aesthetic works. While the official machinery has embarked on "Operation Beautification", the Mysore Palace that is the royal attraction is being given a smooth shine for the 10-day jamboree. This *Weekend Star Supplement* gives a glimpse of the finer details of Dasara works, setting the mood for the fiesta.

Cleaning ceilings to bring back sheen

The iconic Mysore Palace has a special place both in the hearts of Mysureans and tourists. That too, an illuminated Palace is a cynosure of all eyes. A host of rituals including the Private Durbar are held inside the Palace during Navarathri without even compromising on minute details. In view of the festivities fast approaching, workers on scafoldings are replacing old and burnt electricity bulbs with new ones apart from dusting the intricate ceilings and also cleaning the Durbar Hall.

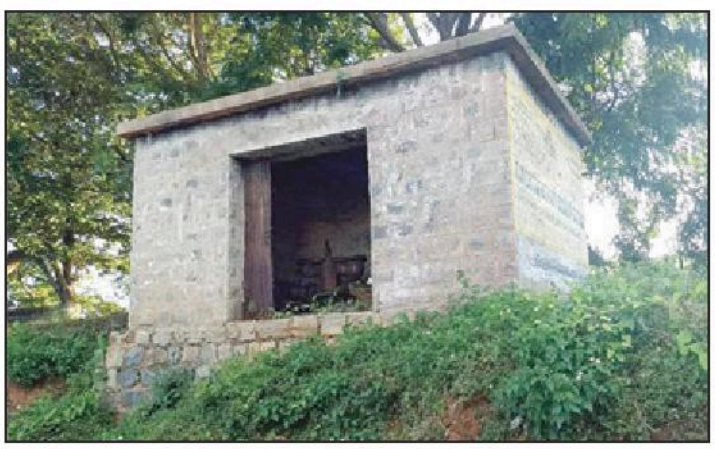






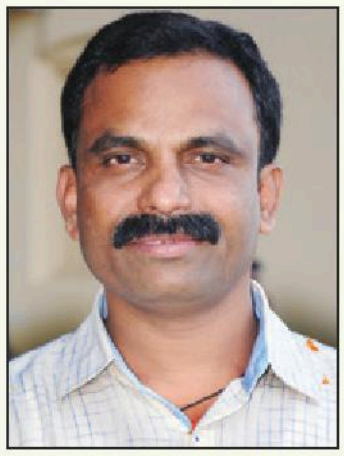
Transforming a mundane structure into a masterpiece

Here are some pictures of Warli Art and how it can transform an unattractive and mundane building to a vibrant art piece. Warli art form, considered niche, has history of 3,000 years. Here, artists use a very basic graphic vocabulary such a circle, a triangle and a square to paint the walls. The circle and triangle come from their observation of nature, the circle representing the sun and the moon, the triangle derived from mountains and pointed trees.



MYSURU DASARA
CELEBRATION SINCE 1610
10TH - 19TH OCTOBER 2018

Rs. 27 crore proposal for Dasara works sent to Govt: MCC Commissioner



Mysuru City Corporation Commissioner K.H. Jagadeesha has said that a proposal of Rs. 27 crore has been sent to the State Government for overall beautification works as this year's Dasara project.

Speaking to *Star of Mysore*, he said last year too, the MCC had sought Rs. 25 crore for works but the government released only Rs. 10 crore. "This year, we have asked sponsors and other private players to fund for paintings, planting median saplings and the intention behind seeking sponsorship is to make private players a part of the development," he said.

The MCC has also sought the support of District and Mysuru Hotel Owners Association and others to sponsor certain works. "Sponsors like Mahalakshmi Sweets, Bhima Jewellers, Brigade Group and others have already donated funds for painting and other beautification works. Surfa Coats India has fully supplied paints, brushes and other painting and drawing accessories. Some other companies have come voluntarily to supply ornamental and flowering plants," he said.

The main idea behind painting walls is to stop people from urinating against walls. The Civic Body is also hiring additional Pourakarmikas and other required staff to take up cleaning work round-the-clock. Measures have been taken to set up mobile toilet facilities besides focusing on health and sanitation measures, he said.

New In-charge Mysore Varsity VC takes charge

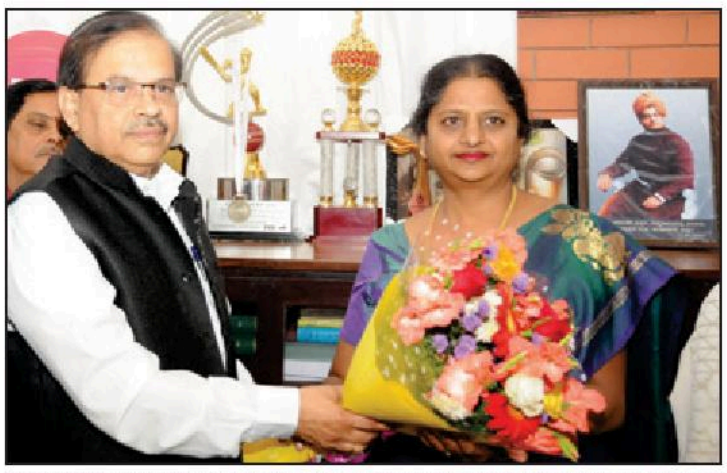
Mysuru, Sept.22 (RK&NNN)- The sixth In-charge Vice-Chancellor of University of Mysore (UoM), Prof. Aisha M. Sheriff, Dean, Faculty of Commerce, took charge this morning from Prof.T.K. Umesh.

The five in-charge Vice Chancellors after Prof. K.S. Rangappa demitted office on from Jan.10. 2017, are Prof. Yashwanth Dongre, Prof. Dayanand Mane, Prof. C. Basavaraju, Prof. Ningamma Betsur and Prof.T.K. Umesh.

Speaking to Star of Mysore she said that she was very happy that she had got an opportunity to be the VC of one of the oldest Universities in the country with a rich tradition.

The first priority is to get ready for the visit of NAAC (National Accreditation and Academic Council) Committee and to see that the ratings that the University has enjoyed so far is retained.

The focus will be on development of the University and to introduce new projects within the purview of the Government and the Governor. With the co-operation of Dean of Student Welfare, the unauthorised occupants of the hostels would be evicted and only genuine students will be allowed to stay in the hostels, she said and added that the stress will also be on improving the results of the students as well as the quality of teaching.



Prof. Aisha M. Sheriff, who took charge as in-charge Vice-Chancellor of University of Mysore, being greeted by Prof. T.K. Umesh.

The tenure of Prof. Sheriff will end in February 2019 along with her deanship. Meanwhile, with the Syndicate nominating a Search Committee member for the selection of the Vice-Chancellor to the University of Mysore and the Higher Education Minister G.T. Devegowda also saying that a permanent VC will be appointed shortly, there is hope that a new VC will be appointed soon.

Chamundi Hill night ban fails to take off

(Continued from page 1)

The KR Police then recommended to their higher-ups and the issue was brought to the notice of the District Administration that in-turn directed the Chamundi Hill Management Committee to construct the gates. During May last year, the plans of night ban were publicised. It was felt that the presence of Policemen will act as a deterrent and it will instil a sense of fear.

As per plans, gates would come up at three entry points and except for the residents on the Hill, who would be provided passes and identity cards, the entry would be restricted to all others. The gates would be locked after 10 pm and one security personnel will be posted at each of the entrance gate. Plans were also afoot to install CCTV cameras at the gates.

The Temple Committee consented to depute security guards at all the three gates and the Police Department was to post Policemen at the gates. Close to the gates, rooms for security personnel and the Police were constructed, facilitating night-long vigil. But even after the construction of the gates, the ban has not been implemented.

Speaking to *Star of Mysore*, Chamundi Temple Executive Officer K.M. Prasad said that the Temple management had no powers to ban night traffic. "The call must be taken by the District Administration and the Police. We have already communicated to the Deputy Commissioner on the imperative of enforcing ban to prevent mischief mongers from creating law and order problem up the Hill and also to prevent miscreants from setting the forests on fire," he said.

City Police Commissioner Dr. A. Subramanyeswara Rao said that unless the Department gets an order from the State Government, civil Policemen cannot be posted at the gates. "If the Temple Committee sends a requisition to us to post Policemen, it has to pay for extra security. I have already written to the Committee in this regard. Like the Mysore Palace Security Wing, an exclusive Chamundi Temple Security Wing can be established. For this, the sanction from the Government is mandatory," he said.

If at all the Police have to post men at the gates, the Department requires 12 Constables for three gates (4 Constables per gate for 24x7 security). "But if the Temple Committee is willing to make a payment and if we get the Government sanction to deploy Police Constables there, we will have to look into that. But as of now, it is not possible to post Policemen at the Hill gates," he added.

Four of a family commit suicide at Pandavapura village

Mandya, Sept.22 (Nagaiah &DM)- Even as Chief Minister H.D. Kumaraswamy (HDK) announced farm loan waiver in his Budget recently, four members of a farmer's family ended life at Sunkathonur village in Pandavapura taluk this morning.

The deceased have been identified as Nandeesh (40), a farmer, his wife Komala (35) and children Chandana (15) and Manoj (13).

Nandeesh had secured loans amounting to over Rs.6 lakh from Banks and private money lenders, for agriculture purpose. But Nandeesh is said to have failed to clear debts due to crop loss.

A depressed Nandeesh and his family members in a suicide pact, reportedly consumed poison last evening at their isolated farm house about 1km away from Sunkathonur. The four were found dead this morning by villagers, who alerted the jurisdictional Melukote Police.

Nandeesh is said to have written to Chief Minister H.D. Kumarswamy twice on the loans he had borrowed, it is learnt.

Melukote Police, who have registered a case in this regard, are investigating.

Take a peek into life underwater at 'Matsya Mela'

Tunnel Aquarium to be a major attraction during Raitha Dasara at J.K. Grounds

By M.T. Yogesh Kumar

Mysuru, Sept.22- The 'Matsya Mela' will be one of the special attractions of this Dasara festivities.

The Department of Fisheries, District Administration and Dasara Executive Committee have made preparations to arrange the popular 'Matsya Mela' exhibition and demonstration on the development of fisheries and fishing activities across the State on the occasion.

The Department of Fisheries has decided to hold the exhibition as part of 'Raitha Dasara' and 'Krishi Mela' at J.K. Grounds in city. The three-day 'Matsya Mela' will be held from Oct.12.

The Mela will display various models that can be used to rear fish at both urban and rural settings like backyards or even terraces. The other intention of the Mela is to showcase the visitors about the rearing of ornamental and other fishes popular among the urban populace.

Exotic fish breeds like Arowana, Flowerhorn, Discus and other varieties will be showcased. Visitors will be educated about Aquaponics — the science of raising aquatic animals along with plants in water tanks — at the Mela.

Stalls to be educative

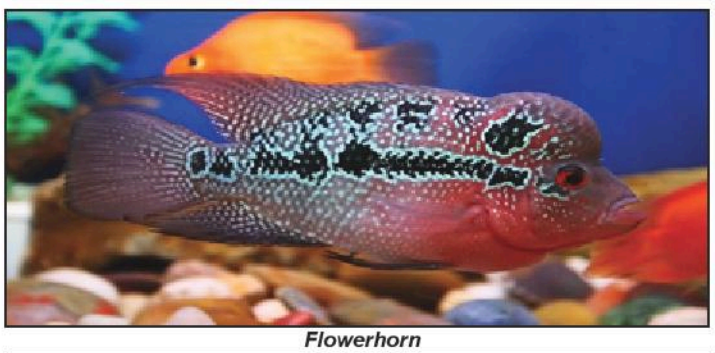
The Fisheries Department will open stalls in the Raitha Dasara to provide all information related to 'Vasthu' fish which has become a growing trend as many people choose to keep these in their homes as they are considered to bring good luck. The exhibition will provide an opportunity to the people to see all kinds of fish including the ornamental and Vasthu ones under one roof.

Information related to sale of fish, fish products, aquarium fish and accessories, scientific information related to fisheries sector, exhibition of fish related industries will be given to visitors. The scientific institutions related to fisheries, industries and pisciculturist will also provide information to the people.

The Mela will highlight the importance of fish as a source of nutrition besides providing employment opportunities.

Discus

Arowana



Flowerhorn

Manufacturers dealing in fishing nets and new technologies in fishing industry will participate.

Speaking to *Star of Mysore*, Senior Assistant Director of Fisheries Siddaiah said the Department has successfully conducted 'Matsya Mela' at Bengaluru and at other places and preparations are on to make 'Matsya Mela' a success during Dasara celebrations too.

40 aquariums including Tunnel Aquarium

The major attraction of 'Matsya Mela' will be the Tunnel Aquarium. With the introduction of glass cave, fish-keeping and aquariums became all the more popular in recent years. The Department has already floated tender to install Tunnel Aquarium and many bidders have come forward to open Tunnel Aquarium where visitors will have a better view of aquatic animals and plants.

Other than Tunnel Aquarium, 40 different types of aquariums will be put up in the exhibition. Information about aquarium fish rearing and sale will be arranged in the Mela. Also, information related to growing fish like Tilapia, Pomfret and some others on home terrace for consumption will be provided. If a vacant site is available, these fish can be grown for commercial purpose as well. Such information too will be provided to the visitors.

Dasara security: Additional Police force to arrive in October first week

Mysuru, Sept. 22 (RK&SR)- The first batch of additional Police force from different parts of the State will arrive in city for Dasara security during the first week of October.

Speaking to *Star of Mysore*, DCP (Law&Order) Dr. N. Vishnuvardhana said that City Police Commissioner Dr A. Subramanyeswara Rao had already held two rounds of discussion with his officers in connection with Dasara security.

The Department has decided to submit another fresh proposal regarding the final requirement of Police personnel for Dasara security after reviewing the Dasara preparations.

The Police Commissioner has discussed the deployment of additional Police force in the wake of huge number of tourist inflow to the city for Dasara festivities, he said.

The Officer said that more than 2,500 Police personnel from various districts had arrived for Dasara security last year, but this year, the Department may submit the final proposal for 3,000 Police personnel from other districts in the State. The first batch of the additional Police personnel are expected to arrive in city on Oct. 2 or Oct. 3 and second batch will arrive on Oct. 14, he said.

The Department has taken measures to accommodate them at hostels, colleges and educational institutions, community halls located at Mandi Mohalla, Lashkar Mohalla, V.V. Mohalla, Hebbal, Vijayanagar and other areas in city.

Food arrangements have also been made for them. Police Inspectors of various Stations have already identified the location to facilitate the stay of Police personnel in their limits, he said.

KSTDC partners with KSRTC to ply 'HOHO'

Mysuru, Sept. 22 (UNI) - To encash extra rush of tourists during Dasara beginning Oct. 10, Karnataka State Tourism Development Corporation (KSTDC) and Karnataka State Road Transport Corporation (KSRTC) are organising Hop On and Hop Off (HOHO) service that offers visit to tourist places in the city.

KSTDC officials said that the Mysuru city division of KSRTC was looking after the service during Dasara till this year. It received a good response from the public and to make this service more effective. The HOHO service is mainly seen in the western countries. It was introduced in Mysuru during Dasara 2013 and it is continuing ever since. Now, for the first time, KSTDC is partnering with KSRTC for this venture.

The service mainly concentrates on tourism and gives ample time for the tourists to visit the tourist spots in a single day. Tourists can avail the tour by paying a fixed price for a day's pass. They can get down from the bus anywhere and hop on to the directed bus. Around 12 buses will be working on this service. The buses will run with an interval of 15 minutes.

Dist. Minister seeks Rs.216 crore for development activities in district

G.T.Devegowda

Mysuru, Sept.22(US& MTY)- 'A proposal has been submitted to the Public Works Department (PWD) to provide a fund of Rs. 216 crore for various development activities in the district including those for Dasara' disclosed District Incharge Minister G.T. Devegowda.

Speaking to press persons after participating in the lunch programme for Mahouts and Kavadis at Palace premises here yesterday, Devegowda said that the funds would be utilised to develop the roads and tourist destinations in the district.

Referring to election of city Mayor, Devegowda said that it would take some more time for the coalition government to decide. He rubbished the rumours that disagreement in Congress quarters would destabilise the government.

He added that a formal invitation for Dasara would be extended to the Royal family shortly and the date would be finalised by the DC.

ASIA CUP - 2018

Shikhar Dhawan joins illustrious list with this unique record

Dubai, Sept.22- Shikhar Dhawan struggled to make his mark for India in England, receiving a lot of stick from fans and critics for his lacklustre performances with the bat. But after returning to familiar conditions and in the blue of Team India, Dhawan seems to have got his mojo back. The left-hander is currently the top run-getter in the ongoing Asia Cup 2018 tournament being held in the United Arab Emirates (UAE). But on Friday, it was not his performance with the bat but his catching in the outfield that helped him join an illustrious list of Indian fielders to have taken four catches in an ODI innings.

The list includes stalwarts like Sunil Gavaskar (Vs Pakistan in Sharjah, 1985), Mohammad Azharuddin (Vs Pakistan in Toronto, 1997), Sachin Tendulkar (Vs Pakistan in Dhaka, 1998), Dravid (Vs West Indies in Toronto, 1999), Mohammed Kaif (Vs Sri Lanka in Johannesburg, 2003) and VVS Laxman (Vs Zimbabwe in Perth, 2004).

The overall international record is held by South Africa's Jonty Rhodes, who took 5 catches in an ODI innings against the West Indies in Mumbai in 1993.

Not just in the field, Dhawan has been setting the stage alight with the bat in Asia Cup 2018. The Indian opener tops the run charts in the tournament with 213 runs in three matches at an average of 96.38.

India have now won all three of their matches in the tournament so far and will next take on Pakistan in a Super Four match on Sunday (Sept.23 at 5 pm - IST). India have already gotten the better of their arch-rivals in Asia Cup 2018, having outclassed Pakistan by eight wickets in a Group A match.

Mother, daughters commit suicide

Bodies fished out from Varuna Canal

Mysuru, Sept. 22 (RK&KS)- A mother and her two daughters committed suicide by jumping into the Varuna Canal near KRS on Thursday night and the bodies of the three victims were fished out from the Canal near Belagola yesterday morning.

Deceased Kamala, Vaishnavi and Varsha

The deceased are Kamala (45), Vaishnavi (17) and Varsha (14), residents of N.R. Mohalla in city.

It is learnt that Vaishnavi and Varsha had gone to see the Ganesha idol near their house during which their father Kumar, a milk vendor, saw them clicking selfies with some youths following which Kumar scolded his daughters and asked them not to go to the college from tomorrow. This had led to a quarrel between Kamala, two daughters and Kumar at the house.

Upset over this, Kamala, along with her two daughters, boarded a bus to KRS on Thursday night and the neighbours who saw this, informed Kumar who immediately took another bus to KRS.

Upon reaching KRS, Kumar heard people talking that a woman and two girls had jumped into the Varuna Canal near KRS.

He immediately rushed to KRS Police Station and informed the Cops that those who had jumped into the Canal were his wife and daughters.

Inspector Byatarayappa and staff immediately rushed to the spot and launched a search to trace the three but could not trace them as the bodies had swept away due to strong current in the Canal and the Police stopped their search operation due to low light.

Yesterday morning, the Police again began their search operation and the bodies of the three were found in the Canal near Belagola.

The bodies were fished out and shifted to Belagola Government Hospital, where post-mortem was conducted and the bodies were later handed over to the family members.

KRS Police, who have registered a case in this regard, are investigating.

Joyalukkas lends a helping hand to Kerala flood victims

Mysuru, Sept.22 (KS)- In a bid to bring back joy on the faces of flood-affected victims in Kerala, the Joyalukkas Foundation has come up with a project of constructing 250 houses and an amount of Rs.15 crore has been set aside for the purpose.

Each house with RCC roof will have a total area of 600 sq. ft. with two bedrooms, a living-cum-dining room, kitchen and a sit-out and is being built after consultation with expert architects. The project proposal has been submitted to the Kerala Chief Minister and works would be carried out with the help of self governing bodies at each place.

The victims of floods and landslides may submit their applications in person at the nearest Joyalukkas sales outlet.

For details, contact Joyalukkas Foundation on Ph: 0487-2329222, according to a release.

Unidentified body found

Mysuru, Sept.22 (KS) - Hebbal Police, following a complaint by the owner of a Paying Guest (PG) accommodation on Sept.21, have found a body of an unidentified person on the footpath opposite the PG.

The unidentified person, who is said to be a beggar, is between 45 and 50 years, 5.5 ft. tall, oval faced, normal built, oily red complexioned and was found wearing a white coloured full arm white shirt and grey pant. The body has been shifted to MMC&RI mortuary. Those having any information about the missing person may contact Hebbal Police Station on Ph: 0821-2418318 or Police Control Room on Ph: 0821-2418339.

Sexual harassment case

Vidyahamsa Bharati Swamiji's disciple Anil Kumar arrested

Swamiji including two accused likely to surrender today

Mysuru, Sept.22 (RK&KS)- Kuvempunagar Police, on Thursday night, have arrested the third accused in the alleged sexual harassment case on a woman in city.

Vidyahamsa Swamiji

The arrested is 52-year-old Anil Kumar Kaushik, a resident of Chamarajpet in Bengaluru and a disciple of Vidyahamsa Bharati Swamiji, who is the second accused.

Anil Kumar has been accused of bringing women devotees to the Swamiji by telling them that the Swamiji was a miracle man who then used to allegedly exploit them sexually. The Swamiji was in city for Chaturmas.

A woman had lodged a complaint of sexual harassment against the Swamiji and others at Kuvempunagar Police Station on Sept.7. The Swamiji and other accused had gone absconding since then.

Last night, Kuvempunagar Police arrested Anil and produced him before the Magistrate, who has remanded him (Anil) to judicial custody. Sources said that the Swamiji and other accused were trying to obtain Anticipatory Bail and are likely to surrender before the Court today.

Rescued bonded labourer gets release certificate

Mandya, Sept.22- A day after a Tamil Nadu-based Dalit woman was kidnapped from Bekkalale village in Maddur taluk by a local politician and later rescued by the Police, the District Administration yesterday launched an exercise to provide rehabilitation and distribute benefits of various social security schemes to her family.

As part of the exercise, Mandya Assistant Commissioner M.R. Rajesh issued Bonded Labour Release Certificate to the victim, who was allegedly kidnapped by former President of Maddur APMC Kudaragundi Nagesh to keep her in confinement as a bonded labourer.

Rajesh said that the officials have been instructed to provide benefits of all eligible schemes for the welfare of the victim and her two children.

Pointing out that the District Administration will release Rs.20,000 as immediate compensation to the woman, besides providing her shelter under a Housing Scheme, he said that free education would be provided to her children at a Government Residential School apart from considering providing employment as a Cook or an Assistant at any Anganavadi Centre or under Child Development Project.

Even as the District Administration set out measures to provide rehabilitation and benefits of various social security schemes to the family of the victim, the Dalit Sangharsha Samiti (DSS), Bahujan Vidyarthi Sangha (BVS) and various other Dalit outfits took out protest rallies at Mandya and Maddur on Friday in condemnation of the incident.

Meanwhile, the Koppa Police, who had registered a case in this regard, arrested one more person on Friday in connection with the incident.

The arrested, who has been identified as Pandu, is accused of driving the car in which K. Nagesh abducted the victim and playing a role in the kidnap of the Dalit widow. The Police had arrested Nagesh on Thursday.

WORD OF THE DAY

Boulevard

Pronunciation: bou-le-vard

Meaning: A broad avenue in a city, usually having areas at the sides or centre for trees, grass, or flowers.
Also called boulevard strip; a broad often landscaped thoroughfare.
Origin: To see that, we'll venture back to 14th-century Paris. Yet another wall to protect the city is being built, this time at the command of Charles V and along the northern limits of the city. With all these walls, the French call the flat part along the top a 'boulevard'. They'd borrowed the word from their neighbors in the Netherlands: it's from a Middle Dutch word 'bolwerc', itself a compound of 'bolle', meaning "tree trunk," and 'werk', meaning "work, structure." The notion is of a promenade laid out atop demolished city walls, a way which would be much wider than urban streets. Originally in English with conscious echoes of Paris; in U.S., since 1929, used of multi-lane limited-access urban highways. Early French attempts to digest the Dutch word also include boloart, boulever, boloirque, bollvercq.
Example: The city is celebrated for its broad, tree-lined boulevards.

THE ODD WORD

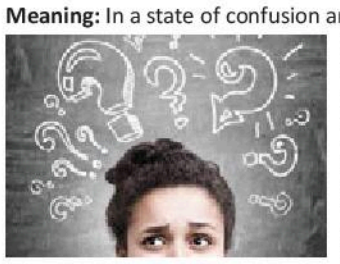
Dendrophilia

A lover of trees.

PHRASE OF THE DAY

All at sea

Meaning: In a state of confusion and disorder.



Origin: This is an extension of the nautical phrase 'at sea'. It dates from the days of sail when accurate navigational aids weren't available. Any ship that was out of sight of land was in an uncertain position and in danger of becoming lost. 'At sea' has been in use since the 18th century, as here, in Sir William Blackstone's Commentaries on the laws of England, 1768: "If a court of equity were still at sea, and floated upon the occasional opinion which the judge who happened to preside might entertain of conscience in every particular case." The earliest reference to 'all at sea' in print that I can find is from Travel and Adventure in south-east Africa, 1893, by Frederick C. Selous: "I was rather surprised to find that he seemed all at sea, and had no one ready to go with me."
Example: I tried to do well in this class, but I've been all at sea since we started.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
